#	Room	Level	Length (ft)	Width (ft)	Description
Client Remks: Nicely treed waterfront lot with almost 10 acres of land and approximately 280 feet of south facing shoreline. The lot has a lane way in place and a rough building site has been cleared. There is a large rock plateau that has been cleared off which would make a perfect walkout from a main floor while the lower cleared area is perfect for a walkout basement. The property has elevated, stunning views out over the lake which are simply breathtaking and the water frontage has deep water for boating or swimming. Once some clearing is done, there would be great access down to the lake on the west end of the shoreline and a great location for a dock. Little Cranberry Lake is part of the Rideau System with access to Cranberry Lake via Brass Point Bridge. Stafford Lane is well maintained and travels through the lot along with hydro, making it easy to bring power to your build site. Located just 10 minutes from Seeley's Bay for access to amenities or approximately 40 minutes north of Kingston. Rugged, rocky and beautiful waterfront lots are not easy to find this one will catch your eye!
