Hello Mary,

I am very pleased to write a short note to you on behalf of Heath and Tammy Gurr. I actually met them last year when my place was listed through another agent. They were very professional so I kept their card and called them early this spring to re-list my place.

I was immediately impressed by their professional presentation and marketing strategy. To my pleasant surprise, my place sold in a few days and closed in a matter of only two months. This all happened because they constantly followed up on the many details and were always accessible. They really compliment each other in following through with all the details.

I was extremely pleased to have them as my agents and would recommend them to anyone buying or selling.

Sincerely,
Bill Lang
